Office of Strategic Capital Receives $8.9 Billion in Financing Requests for First Domestic Manufacturing Loan Program

战略资本办公室收到首个国内制造业贷款计划89亿美元的融资申请

April 1, 2025 2025年4月1日

The Office of Strategic Capital (OSC) received more than 200 applications totaling $8.9 billion in financing requests for its inaugural credit product for American manufacturing. This robust demand, which significantly exceeds the program's current lending capacity of $984 million, highlights the critical need for federal financing to scale domestic manufacturing of technologies vital to national and economic security.

美国战略资本办公室 (OSC) 为其首个面向美国制造业的信贷产品收到了超过 200 份申请，融资总额达 89 亿美元。如此强劲的需求远超该项目目前 9.84 亿美元的贷款额度，凸显了联邦政府为扩大对国家和经济安全至关重要的国内技术制造业规模提供资金的迫切需求。

The applicant pool represents a broad range of technology manufacturers from 38 states spanning various sizes, growth stages, and sectors. The financing requests range from $10 million to $150 million for equipment needs in critical technology areas such as advanced materials, microelectronics, and space technology.

申请者涵盖了来自38个州的各类技术制造商，涉及不同的规模、发展阶段和行业领域。融资申请金额从1000万美元到1.5亿美元不等，用于满足先进材料、微电子和航天技术等关键技术领域的设备需求。

Today, U.S. critical technology companies face reduced domestic manufacturing capability stemming from a lack of access to long-term, cost-effective capital. These scarce financing opportunities have enabled strategic competitors, such as the People's Republic of China, to gain footholds in key industries and supply chains. Recognizing these national security challenges, Congress authorized and appropriated funds for OSC to rapidly build investment capabilities for American manufacturing across 31 critical technology categories. OSC stood up this first-of-its-kind loan program just six months after receiving congressional appropriations, underscoring the Department's commitment to rapid execution.

如今，由于缺乏长期、低成本的融资渠道，美国关键技术公司面临着国内制造能力下降的困境。这些稀缺的融资机会使得中国等战略竞争对手得以在关键行业和供应链中站稳脚跟。鉴于这些国家安全挑战，国会授权并拨款给美国战略信贷办公室（OSC），以迅速提升美国制造业在 31 个关键技术领域的投资能力。OSC 在收到国会拨款后仅六个月就启动了这项史无前例的贷款计划，凸显了该部门快速执行的决心。

OSC is reviewing applications and expects to approve financing and deploy capital to selected applicants later this year. For additional information on OSC programs and updates, please visit www.osc.mil or follow OSC on LinkedIn here.

OSC 正在审核申请，预计将于今年晚些时候批准融资并向选定的申请人发放资金。有关 OSC 项目和最新动态的更多信息，请访问 www.osc.mil 或在 LinkedIn 上关注 OSC（点击此处）。
